1. POLICY STATEMENT

All Students at SMS Changing Lives should feel free from fear and safe from harm. They all deserve to feel that they are cared for and secure in their placement.

All young people need a safe space in which to develop physically, emotionally and psychologically. At SMS Changing Lives we aim to create a family based atmosphere and environment that does not accept or tolerate the oppression of one person by another and where victims and bullies are supported and enabled to overcome their difficulties.

All young people, pupils' families and staff are made aware of the placements approach in regard to bullying when they initially visit for interview and they are kept updated and aware of any issues throughout a pupil's placement.

Staff will confront all forms of bullying (including cyber-bullying) in an open and honest manner by all members of staff.

All individuals in the providers community have a responsibility to address and challenge any form of bullying whenever and wherever it arises.

All underling issues that are at the root cause of any bullying must be addressed – bullies thrive on silence and secrecy.

All forms of bullying or oppression, whether because of race, religion, disability, social or physical difference, gender, age, or sexual orientation, must be addressed by all.

It is the duty of all members of staff to promote positive attitudes and behaviour in such issues – a positive role model is a powerful educator.

The effects of bullying on the victims and those who are vulnerable in the placement can be profoundly harmful and long lasting.

2. WHAT IS BULLYING?

Bullying is the abuse of power in a relationship. It is the willful, conscious desire to distress, threaten, hurt, intimidate or frighten another and may take many forms:

- **Verbal** – name calling/unpleasant or nasty comments
- **Physical** – assault, pushing, nipping, any form of violence (this may be hidden as ‘play fighting’ or rough and tumble.
- **Emotional/psychological** – tormenting, humiliation, ridicule, pressure to conform
- **Social** – being left out, people not talking to you
- **Material** – possessions stolen or broken, extortion
- **Racist** – racial taunts, gestures, graffiti
- **Sexual** – unwanted physical contact, abusive comments

Cyber-bullying is the use of electronic communication to bully a person, typically by sending messages of an intimidating or threatening nature.

It is important to be aware that bullying may take place between young people, between young people and adults and between adults.

Verbal and social forms of bullying are particularly common. Some forms of bullying can be construed as ‘leadership’; ‘bossiness’ or a ‘competitive nature’, all of which leave the victim feeling, unsupported. Some bullies act as individuals others work in groups.

Onlookers who ignore bullying will be seen as condoning the actions.

The seriousness of bullying depend on a number of factors, but even in the short term or bullying of a ‘minor’ nature can have a longer lasting effect.

Changing Lives School Factors

that may need to be considered include:

- How personal it was

The ability of the bullying child to understand the impact of their actions

- Was it provoked or unprovoked
- Was it planned
- Was the person trapped
- The perceived status of the bully
- The reaction of onlookers

Bullies tend to rationalize their own behaviour to justify their treatment of the victim. A victim may in turn end up believing that they deserve to be bullied.

The pupil's background and life history will very much influence whether they have a predisposition to dominate or seek victim status.

Staff have a duty to be aware of a pupil's history to establish any causal influences on their behaviour.

It is also important to be aware that a victim may in turn seek to bully others.

WHY DO SOME PEOPLE BULLY?

- They may lack confidence
- Unhappiness
- Jealously
- Being a victim of someone else – even from the past
- They experience fear
- They feel

weak

The bully may want to

- Feel superior
- Be popular

Changing Lives School

- Gain attention or material things
- Get rid of their own fears
- Get rid of frustration and anger that they are feeling

Changing Lives School ● Make

- up for lack of self esteem
- Make up for lack of success

2.1 WHY DO SOME PEOPLE BECOME VICTIMS?

There sometimes is no apparent reason why a person becomes a victim. Some may be seen as a victim or target if they are seen as:

- ☞ **Vulnerable** – they may look as if they can't stand up for themselves or they may present as fearful, quiet, sensitive or shy.
- ☞ **Different** – this may be to do with gender, colour, religion, height, weight, appearance, race or sexual orientation
- ☞ **On their own** – a person may be bullied if they appear to be a loner

2.2 DIFFICULTIES IN REPORTING BULLYING

People and pupils may be reluctant to report bullying because:

- ☞ They are frightened of reprisal from the bully
- ☞ Not wanting to tell tales or 'grass'
- ☞ Shame at not being able to deal with the problem
- ☞ Not wanting to worry parents or carers
- ☞ Fear of losing friends or being isolated

2.3 SYMPTOMS OF BULLYING

This is not a definitive list or exhaustive guide to the symptoms of bullying. The signs themselves are not an indicator of bullying, but sudden or even subtle changes of behaviour can be indicators of the stress of being bullied.

- ☞ Withdrawal
- ☞ Over sensitivity
- ☞ Aggression

- ☛ Loss of concentration and motivation
- ☛ Missing possessions
- ☛ Stealing

Changing Lives School

- ☛ Injuries
- ☛ Low self esteem
- ☛ Disturbed sleep
- ☛ Enuresis
- ☛ The victim becomes a bully
- ☛ Regression
- ☛ Depression

3.THE HARM DONE BY BULLYING

Bullying in its severest forms can have a devastating effect upon those who suffer it. It can make their lives a misery by making them feel vulnerable, and lacking in confidence. As a result it is likely that every aspect of their life will suffer. They may even become depressed and ill and in extreme circumstances some victims have taken their own lives.

Bullying may be the trigger to other problems e.g. truancy, eating disorders etc.

The behaviour of bullies invariably ultimately makes them unpopular. They can however exert such pressures that onlookers or witnesses themselves may change their behaviour to avoid becoming a victim.

Bullying has a detrimental effect in itself and can contaminate whole groups of people and communities.

4. PROCEDURES FOR PREVENTING BULLYING

☛ **Setting the right ethos** – give explicit and consistent messages that bullying is unacceptable. Seek agreement between staff and pupils as to what constitutes bullying (this can be done in PSHE lessons/form meetings). Regularly review the routines of the placement to identify factors that might allow or encourage bullying. Ensure positive role modelling is used by all staff/pupils. All types of bullying to be reported by staff

☛ **Encouraging young people to report bullying by** – providing complaints procedures for all. Informing all pupils of the necessity to report bullying they have

witnessed.

Provide opportunities for pupils to communicate their concerns through a range of mediums and staff support.

☞ **Raising awareness** – keeping anti-bullying issues as high priority. Displaying anti bullying posters and help line telephone numbers. Holding e-Safety briefings with

Changing Lives School

staff, pupils and parents. Discussing the outcomes of bullying with victims and bullies.

Informing parents and other carers of issues of bullying. Informing pupils of bullying policies at interview/admission

☞ **Supporting those that are bullied by** – reassuring them that they are not to blame.

Changing Lives School

Creating systems for the early identification of vulnerable children. Encouraging others in the placement to support and 'befriend' victims of bullying. Discuss strategies for avoiding further bullying.

☞ **Involving bystanders** – develop a group ethos that disapproves of bullying. Ensure that all know that to ignore bullying is to condone or even encourage the problem

☞ **Dealing with problem times and places** – identify those times and places. Raise staff awareness of these; ensure high levels of supervision.

☞ **Change bullying behaviour by** – making bullies accountable for their action and aware of the consequences for their behaviour. Improve communication strategies in dealing with pupil conflict. Improve pupil understanding of strategies they can employ to manage their behaviour. Develop pupil's self-awareness and self-esteem. Ensure that pupils are purposefully occupied to prevent 'boredom' becoming an excuse for bullying behaviour.

☞ **Regularly review policies** – e.g. Code of Conduct, Professional Relations, ICT Acceptable Use, Rewards and Consequences policy for staff; Digital Media,

☞ **Reviewing and developing procedures** – systems that check and analyse level of bullying incidents. Clear follow up procedures to inform and monitor. Ensure that there is a support system in place for those who are bullied and victimised.

BULLYING 4.1 KEY

PRINCIPALS

- ☞ Search for solutions not problems
- ☞ Allocate responsibility not blame
- ☞ Look forward not backward
- ☞ Focus upon changing behaviours
- ☞ Examine relationship processes not incidents
- ☞ Resolve the problem not establish guilt

4.2 ACTION TO BE TAKEN

Changing Lives School ☞ Any incidence or allegation of bullying is to be treated seriously and promptly

- ☞ Incident to be recorded in Complaints Book by a senior member of staff. The investigation that followed and the outcome also to be recorded in the book
- ☞ Incidents of bullying should be reported to management via other senior members of staff

Changing Lives School

- ☞ All staff should be aware of any pupils being bullied and who perpetrators are.
- ☞ The victims should be supported in strategies to manage the situation
- ☞ The bully should also receive support and guidance in strategies to manage their behaviour.
- ☞ In cases of cyber-bullying, save the evidence by taking screen shots etc. Ask the perpetrator to take down offensive material (refer to provider policies). Failing that, report the material to the service provider directly.
